## INTRODUCTION

It's been an eventful ten-year journey for the Standard Chartered Mumbai Marathon. A journey that has seen this event grow into a movement. A journey that has been embellished with milestones and earned recognition and kudos from all quarters.

The Standard Chartered Mumbai Marathon 2013 edition has passed a milestone – its 10th Anniversary. Indeed this was a year of celebration. The SCMM Trophies, designed and created by the reputed artiste and sculptor, Paresh Maity, were presented to both the men and women marathon champions on race day. King Haile (Gebrselassie) descended in Mumbai, and lent his name and persona as the event's international Event Ambassador. Course records were shattered by both the men and women champions.

Over ten years, the charity drive associated with the Standard Chartered Mumbai Marathon has seen a phenomenal growth and the event now stands unsurpassed as the country's largest charity raising platform. Today SCMM is seen as a trusted credible platform for giving to the under-served sections of our society.

The Standard Chartered Mumbai Marathon 2013 has broken all previous records and set a new benchmark. An amount of Rs. 18.61 crores has been collectively raised by 215 NGO's. A record 234 NGO's, 166 corporations and 685 fundraisers with their supporters have made this the most special SCMM yet.

Since inception the event has raised Rs 89.67 Crores for over 400 NGO's with the support of over 300 companies, thousands of fundraisers and lakhs of donors. This would not have been possible without the extraordinary capacity of the citizens and custodians of this great city to care and give back to our community.

No great accomplishment is without its share of inspirational stories and each of the individuals and organisations listed in this docket serve as heart warming example of the great difference and significant contribution we can make towards the lesser privileged.

United Way of Mumbai & Procam International would like to thank and acknowledge all the sponsors, partners, Government bodies, participants, donors and well wishers of the Standard Chartered Mumbai Marathon for the support given to this sporting movement with a big heart.

Thank you for being part of this amazing story.

## Thank You for making The Standard Chartered Mumbai Marathon 2013 a resounding success

On behalf of the 234 charities participating in the 10th Edition of the Standard Chartered Mumbai Marathon, a huge "THANK YOU" from United Way of Mumbai, for the incredible support, spirit and solidarity espoused towards the various causes by the participants. The Standard Chartered Mumbai Marathon is not only the biggest Sporting Event in India, it is also the biggest platform available in Asia, for the NGOs to raise Charity Amounts. This edition of SCMM has already broken all previous charity records with the highest number of donors, donations and participants supporting a cause. An amazing 14000+ people have stepped up to donate funds for a cause close to their heart.

At United Way of Mumbai, we continue to be amazed and humbled by the sheer generosity and willingness of people who have extended themselves for a cause that is important. The entire charity aspect of the marathon is based on the touching gesture of each person who chooses to make a difference in the lives of those not as fortunate. Our heartfelt gratitude to those who did and to everyone else who supported a cause in any capacity they could. We thank you for your support and effort in raising the stature of this event to one with a lasting legacy by raising funds for those not as privileged. Every rupee raised has a positive impact.

Charity is not a rational choice, it is linked to your heart and how you feel and empathize with issues that really need to be addressed. It takes a good person to give and this edition of the SCMM has opened our eyes to how many incredibly good people are out there, quietly, consistently doing their bit to help change our world. The Act of Giving however can be a rational one. Choosing to give in a structured, more impactful manner which works to solve issues from the root rather than random acts, is a well thought out decision. Each of the 234 charities registered with us has a plan to address the issues they have taken up to combat and with every support they have received, they are that much stronger now to tackle them

₹ 18.61 Crores is the new benchmark and with your support SCMM'14 will surpass it.

**THANK YOU MUMBAI...!!!**
