How to Get Corporate Teams to Support You

- Prepare a list of companies you are already connected with
- Know your potential supporter: research about the company’s recent CSR involvement to speak in the company’s interest
- Involve your board to introduce you to the right person
- **Prepare a pitch**
  - Introducing yourself & the TMM
  - TMM as an employee engagement tool
  - TMM as a part of CSR spends
  - Proposal for the donation amount
  - Show the benefits the company and its employees will receive (speak in the company’s interest)

- Any additional benefits that you can provide
- Make a plan to create a differentiated experience for the employees
- Make a race day plan for these runners
- Don’t limit it to Race Day. Can you provide employee engagement throughout the year? Think
- **Be creative** with your engagement
- **Build networks within the company:** You will usually have one key supporter within the company. Try to meet as many people in the company as possible. That will not only help your main contact to make the case for you, but it will also protect your funding if your key contact moves on.

**Try this:** Almost every person you know works somewhere. Ask them who is the right person to connect with in their company and if they can connect you?
The registration process now provides an option to all runners to donate to an NGO of choice while registering for their run.

A runner can donate any amount to the selected NGO during runner registration.

If they do not select the NGO name, the donated amount will automatically go to a common pool with UWM and will be divided amongst NGOs as per the privilege levels achieved.

4.72% of the donation amount is retained as payment gateway and processing fees by Gateway Software Solutions Pvt. Ltd. (GSS), the official registration partner of the event before a disbursement is made to United Way Mumbai.

UWM will not retain any amount and disburse 95.28% of the funds to the NGO selected by the donor during the registration.

A 10BE certificate will be issued for the total donation amount to the donor by UWM.
Runners have a choice of selecting their own 6-digit number against a fixed donation of INR 5,000 to any NGO of their choice.

- Non-refundable donation, once made.
- The number cannot begin with the digit 0 and confirmation is subject to availability
- Additional opportunity for participating NGOs to raise funds by converting registered and confirmed runners into donors
- Can be used for any race category
- Last date to register - **Tuesday, 26th December 2023**

**To avail:** Runners can come to the UWM website and request a special number bib after entering their TMM registration number. In this scenario, 100% of the funds are disbursed to the selected NGO.
It is not a rating of an NGO’s work and only indicates the level of participation at the TMM.

However, the race day benefit will be decided on the privilege level pertaining to the NGO on Tuesday, 26th December 2023.
Any young fundraiser (below the age of 21 years) can enroll their educational institution to participate in this contest.

Top 10 educational institutions to have raised the highest donation amount through their students by the end of the contest will win.

As a part of the on boarding process, YLs will have to mention the school SPOC contact details so that UWM will write to educational institutes proactively about the competition. NGOs are encouraged to reach to the schools and pitch this idea.

Top 10 educational institutions will get 4 Dream Run bibs given to their staff/teachers etc. (registration deadline, rules, regulations and race fees will apply)

All participating educational institutes names will be mentioned in TMM 2024 Philanthropy Docket.

**Awards:** The highest educational institute will be awarded a trophy which will be further circulated to the highest educational institute next year. Remaining 9 will be given scrolls and certificates will be given to the top fundraising YL of each institute.
